

FOR IMMEDIATE RELEASE: January 6, 2009

Local Michigan Company relocates to accommodate growth!

Grand Rapids, Michigan, January 6, 2009 – Voice Data Systems, LLC (VDS) is pleased to announce that its headquarters in Grand Rapids will be moving to its new location at 2350 Oak Industrial Drive NE, Grand Rapids, MI 49505. As a Nortel Elite Partner, VDS is committed to providing organizations with competitive-edge solutions that are needed in today's service-oriented and fast-paced work environment.

"We are thrilled to be moving into a new building that will better accommodate our growth and also our customers. It is exciting to be a growing company despite the economic challenges in the marketplace," said James Kress, President of VDS.

"It is an exhilarating time to be in the technology industry! The demand for new technology including Unified Communications and the convergence of voice and data systems is greater than ever. VDS is proud to continue its investment in the expertise and knowledge needed to implement and support these complex solutions," said Pete Rose, Chief Technology Officer for VDS. VDS will be opening the doors at the new location on January 12, 2009.

About VDS

Headquartered in Grand Rapids, Michigan since 1988, Voice Data Systems, LLC (VDS) has quickly become a leader in providing Nortel products and solutions. Currently, VDS has offices in Grand Rapids, Farmington Hills, Michigan, Cleveland, Ohio, and Fort Wayne, Indiana. Today, VDS is the only independently owned company to reach the Elite Advantage Partnership in Michigan, Ohio and Indiana. As a Nortel Elite Advantage Partner, Voice Data Systems is committed to providing organizations with competitive-edge solutions that are needed in today's service-oriented and fast-paced work environment.
